

EXPAND YOUR EXPERIENCE IN ADDICTION AND CHRONIC PAIN

What is it?

The Collaborative Mentorship Network for Chronic Pain and Addiction (CMN) is conducting a pilot program for their members to be matched with a peer to observe their work, including patient care, interdisciplinary team consults, and case management. Observers must be CMN members and observing periods range from half days to full days.

Why Partipate?

- Gain new skills
- Learn new resources
- Connect with experts
- You may qualify for remuneration
- This Learning Exercise is eligible for Linking Learning Mainpro+ certified credits.

Where?

For now, all locations are in Calgary:

- The Alex Community Health Centre
- Calgary Drop-In Centre
- CUPS Health Clinic
- Addiction Recovery and Community Health (ARCH)

How do I Apply?

Email mentorship@acfp.ca

The Value of Connecting with Peers:

“Being a mentor helps me share my passion of addiction medicine with other mentees. I hope that this opportunity of being a mentor helps garner their own passion towards this field.”

- Dr. Monty Ghosh, CMN Mentor
